CAR PARK DOORS.

FIRE-RATED STEEL DOORSETS

PRODUCT OVERVIEW

Our fire-rated steel doorsets for car park applications are designed, manufactured, and tested in accordance with EN 1634-1. Tested as complete doorset assemblies, they are classified for fire integrity, helping to prevent the passage of flames and hot gases during a fire event. Designed for use in multi-storey and underground car parks, these doorsets combine dependable fire compartmentation with the durability required for exposed and high-use environments.

SIZES (W × H)

Single · maximum	**1250 × 2650mm**
Double · maximum	**2800 × 2650mm**

ORDERING

Handings and sizes must be confirmed when ordering.
