Certificate of Product Approval

Certificate Number: 694d Issue: 01

Design and Supply Limited

13 Pant Industrial Estate
Merthyr Tydfil
Mid Glamorgan
CF48 2SR

is authorised to use the LPCB mark in association with the product(s) listed in this certificate and appendix having complied with the requirements of the standard(s) detailed below:

Product	Standard
DS4 hinged security doorsets	**LPS 1175: Issue 8** Requirements and testing procedures for the LPCB certification and listing of intruder resistant building components, strongpoints, security enclosures and free-standing barriers

This certificate and appendix is maintained and held in force through regular surveillance activities

Signed for BRE Global Ltd.	Chris Hunt Verifier	19 October 2020 Date of Issue	19 October 2020 Date of First Issue

This certificate and appendix remains the property of BRE Global Ltd. and is issued subject to terms and conditions (for details visit www.redbooklive.com/terms).

Appendix to Certificate No: 694d

Issue: 01

Design and Supply Limited

Hinged Security Doorsets

Product Name	Type	Minimum Structural Opening Height (m)	Maximum Structural Opening Height (m)	Minimum Structural Opening Width (m)	Maximum Structural Opening Width (m)	Security Rating	LPCB Ref. No.
DS4	Single leaf outward opening doorsets	1.0	2.752	0.5	1.284	D10 (SR4)	694d/01
	Double leaf outward opening doorsets	1.0	2.752	0.9	2.492		

Approved Locking Configurations

Type	Compatible Locking Systems	
	Active Leaf	Passive Leaf
Single leaf outward opening doorsets	1 to 128	N/A
Double leaf outward opening doorsets	1 to 128	43, 44, 45, 127, 128, 129

Compatible Locking Systems

Locking System	Manufacturer	Model	Type	Compatible Operating Devices		Compatible External Cylinders
				External Face	Internal Face	
1	Tindall Engineering Limited	Mico Abryll PE1	Single point emergency exit device	None	Push pad	N/A
2	Tindall Engineering Limited	Mico Abryll PE1 / ELK4 MD	Single point emergency exit device	Key and Lever handle	Push pad	A to U, W to AG
3	Tindall Engineering Limited	Mico Abryll PE1 / ELK4 AD	Single point emergency exit device	Key and Lever handle	Push pad	A to U, W to AG
4	Tindall Engineering Limited	Mico Abryll PE2	Single point panic exit device	None	Panic bar	N/A
5	Tindall Engineering Limited	Mico Abryll PE2 / ELK4 MD	Single point panic exit device	Key and Lever handle	Panic bar	A to U, W to AG

This certificate and appendix is maintained and held in force through regular surveillance activities

Appendix to Certificate No: 694d

Issue: 01

Design and Supply Limited

Locking System	Manufacturer	Model	Type	Compatible Operating Devices		Compatible External Cylinders
				External Face	Internal Face	
103	Tindall Engineering Limited	Mico INT-2 EM3 SATE	Two-point emergency exit locking system with solenoid deadlocking and 12 V or 24 V electro-mechanical access control	Electro-mechanical access control device and lever handle	Lever handle	N/A
104	Tindall Engineering Limited	Mico INT-2 EM3	Two-point locking system with solenoid deadlocking and 12 V or 24 V electro-mechanical access control	Electro-mechanical access control device and lever handle	Electro-mechanical access control device with thumbturn override and lever handle	N/A
105	Tindall Engineering Limited	Mico INT-2 EM1 SATE / USCH4	Two-point emergency exit locking system with solenoid deadlocking and 12 V or 24 V electro-mechanical access control	Electro-mechanical access control device with key override and lever handle	Push pad	A to BE
106	Tindall Engineering Limited	Mico INT-2 EM1 SATE EPC / USCH4	Two-point emergency exit locking system with solenoid deadlocking and 12 V or 24 V electro-mechanical access control	Electro-mechanical access control device with key override and lever handle	Push pad	DZ to FI
107	Tindall Engineering Limited	Mico INT-2 EM2 SATE / USCH4	Two-point panic exit locking system with solenoid deadlocking and 12 V or 24 V electro-mechanical access control	Electro-mechanical access control device with key override and lever handle	Panic bar	A to BE
108	Tindall Engineering Limited	Mico INT-2 EM2 SATE EPC/ USCH4	Two-point panic exit locking system with solenoid deadlocking and 12 V or 24 V electro-mechanical access control	Electro-mechanical access control device with key override and lever handle	Panic bar	DZ to FI
109	Tindall Engineering Limited	Mico INT-2 EM3 SATE / USCH4	Two-point emergency exit locking system with solenoid deadlocking and 12 V or 24 V electro-mechanical access control	Electro-mechanical access control device with key override and lever handle	Lever handle	A to BE

Notes

1. The certification covers double leaf doorsets with leaves of equal or unequal width.
2. Double leaf doorsets incorporating the Mico 942 two-point locking mechanism on the passive leaf shall have the same internal operation as the locking mechanism on the active leaf.
3. Certification does not cover the use of locks or optional design features / accessories other than those listed. Utilisation of unlisted locks/options may affect the level of security afforded by the doorset.
4. Access control locks shall be fail secure version only. The resistance of the access control locks and mechatronic cylinders to "non-mechanical" attack is not covered by this approval as they are outside the scope of LPS 1175: Issue 8. Likewise, the approval does not cover possible effects of any susceptibilities relating to the functionality and performance of any access control equipment that may be used to operate these locking systems / cylinders. This is because the scope of access control devices and system configurations that may be used with these locking systems is "infinite". It is therefore recommended that specifiers satisfy themselves that the components used are either resistant to mechanical and other forms of tampering/abuse, or that they are suitably protected from such tampering/abuse and are resistant to any environmental conditions/interference that may cause the locking system to disengage.
5. A 'Plus' rating as defined in the compatible cylinders table demonstrates the cylinder meets the requirements defined in Annex A of BS 3621:2007 or manipulation resistance class '1' defined in LPS 1242: Issue 2.
6. Please refer to the manufacturer for more details on the position of the louvre vents within the door leaf.
7. The doorsets are certified for installation in accordance with the instructions contained on documents titled 'SR4 - Design and Supply - Fitting Instructions for Steel Hinge Doors' (Issue 2, dated July 2020).
